15° CENSIMENTO GENERALE
DELLA POPOLAZIONE
E DELLE ABITAZIONI
2011

comune di
PRATO

Leave your mark on the Italy of the future.

The questionnaire for the 15th Population and Housing Census has been sent to your house.

Check your post box. The good news is that from this year, to save time, you can also complete the Census Questionnaire on the Internet. In fact, on the first page of the questionnaire you will find a password to access the site where you can do the compilation online: censimentopopolazione.istat.it. The site will be active from October 9th. In fact, that is the official date of the Census and the date to refer to when answering the questions. The Census is being carried out in all European countries; the information gathered will give us a better insight into the Italy of today and allow us to compare the different regions. The questionnaire is addressed to all Italian citizens but also to any foreign national who is living or staying in Italy for motives of a personal, educational or employment nature.

A FEW GOOD REASONS WHY TO TAKE PART

Completing the Census questionnaire is a duty sanctioned by the law, but more than anything it is fundamentally for you and the country.

ISTAT GUARANTEES YOUR PRIVACY

You can feel completely at ease when you answer the questions.

The information gathered in the Census is protected by law. ISTAT adopts rigorous measures to ensure the protection of your details in accordance with national legislation and international guidelines.

HOW TO RETURN THE QUESTIONNAIRE

The questionnaire must be completed and returned by November 20th. You can do this in several ways. From October 9th you can:

-  Complete the questionnaire directly on the internet (censimentopopolazione.istat.it)
-  Complete the questionnaire that you have received and return it to any post office
-  Complete the questionnaire that you have received and return it to Centro Comunale di Raccolta at via Santa Caterina 17- Prato

To get help with the compilation of the questionnaire you can call free phone **800301650** and make an appointment (foreign language mediators are available)

Unlike in previous years, the data collector will only be responsible for the delivery of questionnaires that it has not been possible to deliver via post and, from November 21st, will collect those that have not been returned.

2011 Census

Give an answer to your future.
